描述

DESCRIPTION

作为一个新总体规划社区的一部分，北戴河滨水公园将成为未来的游艇码头、度假酒店、零售购物中心、高尔夫度假区、住宅社区和会展中心。vTA设计了2.7公里长的海滨公园，包括公园、漫步公园、以及广阔的海滨景观，从而创造了一个能保留和改善海滩的项目。

As part of a new master planned community, The Beidaihe Waterfront Park will serve as the anchor for a future marina, several resort hotels, a retail shopping center, golf resort, residential communities, and convention center. vTA designed 2.7 kilometers of beachfront with parks, boardwalks, and extensive seaside landscaping to create a project that preserves and enhances the beach.
